

‘Managing legal risk and navigating the regulatory landscape: from tech start-ups to investor-ready SMEs’

ALT Network presents a practical hands-on masterclass designed and delivered by leading lawyers for both the corporate and technical personnel of African tech companies at all levels of growth. The masterclass will cover the key legal and regulatory issues all tech start-ups and SMEs operating on the continent face and the measures they can put in place to reduce legal risk, create the right business structures, secure their intellectual property, procure the right licences and other documents, navigate regulatory red-tape and compliance requirements, prevent disputes and prepare for future investment.

Venue: Kigali International Convention Centre

Date: 4th February 2020

Time: 10am-4pm

Cost: Free for tech companies
